

ACT-IAC ANNOUNCES NEW LEADERSHIP

FAIRFAX, VA — (May 30, 2018) – The American Council for Technology and Industry Advisory Council (ACT-IAC) today announced new members of its leadership for 2018-2019.

The IAC membership has elected **Paul Strasser** (Executive Vice President, DSA Inc.) as Executive Vice Chair of IAC. He will become the IAC Chair on July 1, 2019. **Sundar Vaidyanathan** (Co-founder and CEO of Karsun Solutions LLC) was elected as Vice Chair for Finance. **Jackie Everett** (President and CEO of FedFusion) and **Kathy Conrad** (Director of Digital Government, Accenture Federal Services) were reelected and will serve second terms on the IAC Executive Committee. **Kim Pack** (Vice President, Wolf Den Associates) and **Jonathan Alboum** (Chief Technology Officer, Veritas) were elected to the IAC Executive Committee. Also joining the IAC Executive Committee will be the new industry chair of NexUS – **Gabriela Feibel** (Leidos). Current IAC Chair **Mitzi Mead** will remain on the IAC Executive Committee as Past Chair. All of these individuals will serve terms beginning July 1, 2018.

IAC Executive Chair **Mitzi Mead** stated, “These individuals will strengthen an already exceptional executive committee. I know that this committee, under the leadership of incoming IAC Chair **Richard Spires** will continue to strengthen ACT-IAC in a way that benefits our entire community.”

The leadership of the ACT Executive Committee for the coming year will be ACT President **Renee Wynn** (NASA) and ACT Executive Vice President **Maria Roat** (SBA). The following individuals will join the ACT Executive Committee on July 1: **Eric Jackson** (Department of the Navy); **Eric Popiel** (Coast Guard); and **William Zielinski** (GSA). **John Burchill** (GSA) is also joining the ACT Executive Committee as the government chair of NexUS.

A list of those members continuing on the ACT and IAC Executive Committees is available on the ACT-IAC website (www.actiac.org).

American Council for Technology-Industry Advisory Council

The American Council for Technology and Industry Advisory Council (ACT-IAC) is a non-profit educational organization established to improve government's service delivery and operational performance through the effective and innovative application of technology. ACT-IAC provides a unique, objective and trusted collaborative forum where government and industry executives are working as partners to address critical issues, apply best practices and pioneer innovative solutions. ACT-IAC also provides high-quality learning and educational opportunities to improve the knowledge and expertise of the government workforce – both public and private. Further information about ACT-IAC can be found at www.actiac.org.
